COLLEGE  
POSSIBLE  
OMAHA

“ College Possible coaches are invaluable. It's always good to have somebody that you can go to for revisions or advice. My coach helped me with a fellowship application and looked over my notes before my interview. She helped me every step of the way. ”

## FROM OUR PARTNERS:

**Nathaniel Bacon**  
Assistant Principal, Bellevue East High School

College Possible is an invaluable support for our students as they look to their future and post-high school aspirations. College Possible opens doors, removes roadblocks and provides on-site coaching and support for students as they navigate college life. Not only are they an advocate for students during their final years in high school, they maintain the relationship with students and support them through college, too. Without College Possible, some students may never realize that College is just that ... possible!

**Kristin Longacre**  
School Counselor, Omaha North High School

After hosting your successful College Experience Panel last spring we were excited to bring you back this fall for your Mission Possible Career Panels. It did not disappoint! The perspectives that the panelists shared with our students were so helpful for their college planning and preparation. When a student can see themselves reflected in someone who has earned a college degree and be able to ask them questions, the student sees college as an attainable goal.

**Becca Bradley**

“ I think that for everything I've wanted to do, a college degree is necessary. For me, there was no other choice. ”
